

PRODUCT: FAPRO MAX 2

SPECIFICATIONS : 100% PURE PORK FAT

1- FYSICAL

colour : light brown – brown
odour : natural smell - neutral
visual : solid at room temperature

2- CHEMICAL

P.O.V. : max. 10 meq/kg
FFA : max. 2%
moisture + impurities : max. 0.5%
saponifiable : min. 97%

3- GUARANTIES

- produced of cat. 3 material in conformity with 1774/2002/EG
- insoluble impurities: < 0.15%
- bacteriology: exempt of enterobacteriaceae
- PCB (7 congeners): < 250 ng/g fat: in conformity with MB 12.02.99-cfr. added analysis
- pesticides :
 - organ chloride pesticide residues
 - organ phosphorous pesticide residues in conformity with MB 12.02.99
- polymerized triglycerides : max. 0.9%
- intact triglycerides : min. 85%
- heavy metals : in conformity with MB 12.02.09
- fluoride : in conformity with MB 12.02.99

The product is in conformity with the trade and use of materials destined for animal feeding.

USE : ANIMAL FEED

WHILE LOADING :

- sampling of every load – unique coded and stored during 6 months
= reference number for auto-control and tracing
- checking visual aspect
- measuring FFA
- delivery note = commercial document :
 - weight on departure
 - identification final receiver
 - identification transport – nr vehicle
 - code of sampling
 - batch number

STORAGE LIFE : +/- 6 months

OPTION : adding anti-oxidants on demand
